

Overview

Our Employment and Labor team has extensive experience representing employers in all industry sectors. Whether you are a local or multi-national business, we provide you with thoughtful and practical counsel to keep your business moving forward and we can assist with any of the following services:

- Negotiations with labor unions;
- Strategic administrative and judicial labor and employment litigation, including labor claims and labor class actions;
- Risk assessment of labor and employment for accounting and due diligence purposes;
- Due diligence;
- Support in labor, employment and social security audits and investigations;
- Structuring and implementation of compensation plans and incentive plans, such as profit-sharing and stock options plans;
- Structuring and implementation of labor and employment compliance programs;
- Drafting and negotiation of labor and employment-related agreements, such as employment agreements, statutory officer agreements, outsourcing agreements and manpower supply agreements;
- Opinions on labor and immigration matters.
